

Citizen's Committee Comments
October 26, 1999 Working Session

Issues Chart	Addressed	New	Freeway	Arterial	Transit	TDM	BikePed
The entire length of 405 should have four (4) more lanes added – two (2) in each direction.	●		✗				
Fly over ramps should be added at Hwy 167, I-90, NE 8th & 520, and 522		●	✗				
Car pool lanes should be open to general traffic except at rush hours.		●	✗				
Car pool lanes should have their own ramps so the buses, etc. don't have to cross the freeway lanes.	●		✗				
Widened Hwy 202, East Lake Sammamish Pkwy, Hwy 900, Hwy 18, Coal Creek Pkwy, with a direct link to 140th Way SE, at Fairwood, continuing all the way to east hill of Auburn.	●			✗			
Highway 18 should continue to Monroe – 4 lanes from I-5 to Monroe.		●	✗				
Highway 2 should be a four-lane freeway as well as 522.		●	✗				
Interchange of I-405 and SR 167 needs to be re-designed.	●		✗				
Kennydale Hill through the s-curves needs to improve.	●		✗				
[Fix] the I-90/405 interchange (at coal creek and south of the Wilberton tunnel), and Wilberton Tunnel.	●		✗				
Look at the costs and benefits of locating HOV lanes in the inside rather than on outside lanes.	●		✗				
Improvement of interchange performance along the corridor		●	✗				
Increase non SOV options	●				✗	✗	✗
Improve/reconstruct the existing on/off ramps areas, particularly on I-90, Coal Creek Pkwy, Hwy 167, NE 4th/NE 8th, SR-520, and SR-522.		●	✗	✗			
Improve freight mobility.	●		✗				
To and from SeaTac Airport (general capacity lanes).	●		✗				
Add general capacity lanes.	●		✗				
Design of adjoining arterial roads.	●			✗			
Can we co-locate park-and-ride lots near major shopping		●			✗		
Large companies charging or the government taxing large company private parking lots?		●				✗	
Improvement to traffic flow							
Park & Ride Capacity		●			✗		
Separation of transit from other traffic	●		✗		✗		
Flow of commercial trucking/freight through the corridor	●		✗				
Adding lanes to I-405?	●		✗				
Adding lanes to other existing road systems?	●			✗			
Adding new roads to the system?	●			✗			
Adding buses to the system?	●				✗
